   f. When uploading links, make sure that they are **clickable:** click on "Write Submission" and then copy the links in to the text box.

Note:
- It is essential to have a thorough understanding of each task and the ability to perform it instantly during class/interview to demonstrate mastery of the skills.
- The grading process may take some time to ensure that each student has developed the required skill set.
- Use the discussion board to collaborate with your team members. Note that students should utilize only the systems provided by the school, such as **Teams, Webex, and the Discussion Board**. These platforms are approved and regulated by the state. However, the use of **Discord** is discouraged as it is not endorsed or regulated by the school or the Technical College System of Georgia (TCSG).
- There are no plagiarism issues with this assignment.
